

Agiliti Receives Board of Laser Safety Illumination Award for Outstanding Contributions to the Field of Medical Laser Safety

April 5, 2019

MINNEAPOLIS--(BUSINESS WIRE)--Agiliti, Inc. ("Agiliti"), a leading nationwide provider of medical equipment management services to the healthcare industry, today announced it has been chosen as one of two recipients of the 2019 Board of Laser Safety's ("BLS") esteemed Illumination Award.

The award, presented March 18 at the 2019 International Laser Safety Conference, was created to recognize an institution, company or organization that directly employs a certified medical laser safety officer, provides encouragement and support for employee participation within the laser safety community, and has made outstanding contributions to the field of laser safety.

"Since 2014, Agiliti has partnered with the Laser Institute ("LIA") to provide education and hands-on training for medical laser safety officers and other healthcare laser safety programs," said Brad Jacobsen, vice president of Surgical Services Operations at Agiliti. "In addition to our in-house BLS Certified Medical Laser Safety Officers, our entire team is focused on helping to increase the level of compliance and quality in healthcare facility laser safety programs across the country. We are honored to receive this award recognizing our efforts to drive best-in-class medical laser safety practices and acknowledging our tireless commitment to making healthcare safer and more efficient for providers and patients everywhere."

Agiliti Surgical Services provides operating room staff with access to best-in-class technology, certified and experienced laser operators and proven laser safety processes to ensure compliance, maximize OR throughput and provide an optimal patient experience. Visit www.agilitihealth.com to learn more about how Agiliti is bringing greater efficiencies and improved patient experiences to operating rooms around the U.S.
